*Patented Design, Ultra Sharp
Disposable Dental Needles*

SHINHUNG 

SHINject

Hub color

Color coding of the plastic hubs and boxes allows quick and easy identification

Cannula

The siliconized cannula provides smooth penetration With minimal discomfort

Lancet point

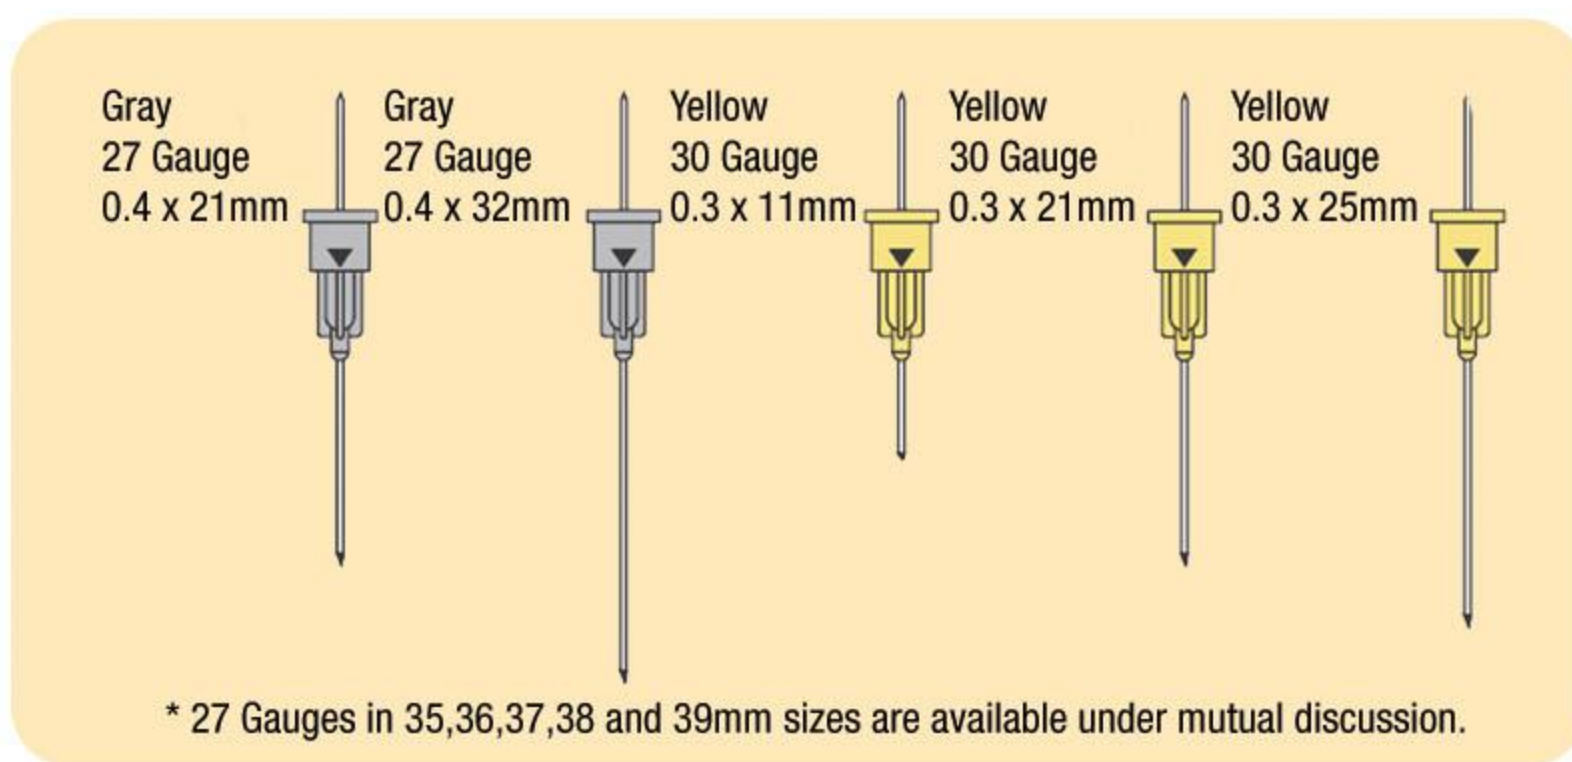

The ultra-sharp, tri-beveled lancet point minimizes pain and discomfort

Connection method

Optionally available in Inch thread or metric thread

Bevel Indicator

A bevel indicator on the hub assures easy identification of the lancet bevel position for less insertion pain at the injection site
